We shall Know.

We shall know as we are known,

When the mists have rolled in splendor

From the beauty of the hills,
And the sunshine, warm and tender,
Falls in kisses on the rills;
We may read love's shining letter,
In the rainbow of the spray,
We shall know each other better
When the mists have cleared away.

If we err in human blindness,
And forget that we are dust,
If we miss the law of kindness,
When we struggle to be just;
Snowy wings of peace shall cover
All the anguish of to-day,
When the weary watch is over,
And the mists have cleared away.

Then the silver mist has veiled us,

When the silver mist has vened us,
From the faces of our own,
Oft we deem their love has failed us,
Andwe tread our path alone;
We should see them near and truly,
We should trust them day by day;
Neither love nor blame unduly,
If the mists were alwayed away.

If the mists were cleared away.

When the mists have risen above us,
As our Father knows His own,
Face to face with those that love us,
We shall know as we are known;
Love, beyond the orient meadows,
Floats the golden fringe of day;
Heart to heart we hide the shadows,
Till the mists have cleared away.

PAIN-KILLER 1874 Time Tests The Merits Of All

Things. THIRTY YEARS is certainly long enough time to prove the efficacy of any medicine, and that the Pain-Killer is deserving of all its proprietors claim for it, is amply proved by the inparalleled popularity it has attained. It is a sure and effective remedy. It is sold in almost every country in the world, and it needs only to be known to be prized, and its reputation as a Medicine of Great Virtue, is fully and permanently established. It is the great Family Medcine of the age. Taken internally, it cures Dysentery, Cholera, Diarrhea, Cramp and Pain in the Stomach, Bowel Complaint, Painters' Colic, it is the Control of the Control Liver Complaint, Dyspepsia, or Indigestion Sudden Colds, Sore Throat and Coughs. Taken Externally, it cures Bruises, Boils, Felons, Cuts,

Burns, Scalds, Old Sores and Sprains, Swellings of the Joints, Toothache, Painin the Face, Neuralgia and Rheumatism, Chapped Hands, Frost Bitten Feet, &c. Pain is supposed to be the lot of us poor mortals, as inevitable as death, and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on emergency, when we are made to feel the excruciating agony of pain, or the depressing influences of disease. Such a remedial exists in Perry Davis' "Pain-Killer," the fame of which has extended over all the earth. Amid the eternal ices of the Polar regions, or beneath the intolerable and burning suns of the tropics its virtues are known and appreciated. And by it suffering humanity has found relief from many of its ills. The effect of the Pain-Killer upon the patient, when taken internally in cases of Cough, Cold, Bowel Complaint, Cholera, Dys-

entery, and other affections of the system, has been truly wonderful, and has won for !t a name among medical preparations that can never | Give me a call. be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, an external remedy, in cases of Burns, Bruses, Sores and Sprains, Cuts, Stings of Insects, &c., and other causes of suffering has secured for it the most prominent position among the medicines of the day. regar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcebel. The question is almost of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Altera-

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Of course after a few attempts to express himself, he will fall back on the manual alphabet, but even in that there is sometimes abundance of oddity. Of course out in the world our language is to many a novelty, and there are but few who will not stop to stare when two deaf-mutes are talking. ### New Publication.

At the Nebraska Institution a monthly paper, styling itself "The Mute Journal of Nebraska," has been started. The Legislature of that State has appropriated one thousand dollars to enable it to be used as means of bringing uneducated deaf-mutes found in the territory to a knowledge of the existence of a school for them in the State.

The Silent World, on the receipt of a number of that periodical says: "We know if every school printed a paper, there would be no call for The Journal. The Advance, and The Silent Worlds"

For ourselves, we do not see how we could hear the news from every Institu tion or State if each should publish paper devoted mainly to local matters. unless we subscribed for all of them But then arises the question: Are the pocket-books of a very large majority of such an enlargement of the press?

THE MASQUERADE.

Toward evening it was whispered about that the young ladies were going to give us a surprise. Diligent inquiry elicited the fact that a masquerade was on the tapis; and sure enough at about eight o'clock the parlors were thronged with the novelist and motliest assemblage they had ever known. Some were dressed up beautifully angelic in fact; others took their characters from the squatters that infest our mountainous districts, one passed offvery well as Mrs. Captain Jack, though, alas! the widow's weeds were wanting; another was dressed up fantasticallybewitchingly in plaid garments to represent a Highland maiden, and she had the Directors of the Asylum, and were asthree others might have been recruits vere all clothed in white, and another where desired. ould have made a respectable Blueeard, were his beard only blue instead of white; but we can't go through the In due time the sitting room was visited monument and who, as long ago as 187 the masks were removed and a happy part of their business. social reunion enjoyed. IMPORTANT TO MANUFACTURERS WHAT IS SAID OF THE WEAVER TURBINE WATER WHEEL.

Mexico, Nov. 22, 1873.

This is to certify that we, the undersigned, have just put in one of the Weaver Turbine Water Wheels, and we would state that one half of its merits have not been told; we have been using one of the best center discharge wheels that could be put in, which drew one hundred and seventy inches of water, and the Weaver Wheel only draws ninety-six inches of water, and we can, without any contradiction, saw one-fourth more lumber than we ever could with the other in its best days. And we make this statement for the benefit of both the Patentee and the public, and benefit of both the Patentee and the public, an we can convince any one of its truth by thei calling at our mill, Mexico, near the Railroad.
